LSF commemorates Pearl Jubilee

As the Lupon School of Fisheries turned 3 decades of existence being a fishery school, the administration, faculty, staff, students and the community took a break to celebrate the 30th Founding Anniversary on November 28-30, 2013 at the LSF campus.

The three-day celebration was filled with a variety of memorable and worthwhile activities. It opened with a "pamukaw" at 3:00 a.m. then, a dawn prayer. Thanksgiving

mass followed at 8:00. As usual, there was bloodletting at the Caregiving laboratory with the Philippine Red Cross (PRC) – Mati Chapter personnel manning the procedure. Mini-skills competition for different qualifications was set up at the covered court. The trainees competed in: vegetable/fruit mixed pickles, wine mixing, breaded chicken, potato salad making, flower arrangement, bed make-up, net mending, engine tune-up, automotive lighting, blinker as-

VISION

LUPON SCHOOL OF FISHERIES is a leading institution molding values for sustainable development to pursue excellence in technical vocational education and training.

MISSION

LUPON SCHOOL OF FISHERIES develops globally competitive manpower equipped with skills and desirable work values for gainful employment and entrepreneurship.

DFT lead trainers facilitate fish conservation week celebration

To instill the significance of proper use and wise use of fish and other aquatic resources in the country for the sufficiency of food supply and preservation the environment in the minds and hearts among the students in Diploma in Fishery Technology major in Aquaculture, the school joined the Bureau of Fisheries and Aquatic Resources and the Dept. of Agriculture in the Celebration of Fish Conservation Week on October 16, 2013 in the school conference room.

Mr. Edgardo H. Lasangre and Mrs. Naida G. Lasangre, both Aquaculture lead trainers, facilitated the celebration with the theme "Pangisdaang Pinayaman Ngayon, Hererasyon Sagana sa Panghabang Panahon."

During the program, the guest speakers from the Dept. of Agriculture-LGU-Lupon, Mrs. Joyce P. Toledo and Mr. Buenaventura Maiz, Jr., Municipal Farm Technician FARMC Chairman gave insights about the conditions of fishery resources and the implementation of rules and regulations for the fishery technology the local-

ity and the entire country .

Other activities done in relation to the celebration were mangrove tree planting, bloodletting and coastal clean-up.

The observance of this celebration is commendable move of the authorities to highlight the duties of the concerned individuals in the conservation of the natural resources that if taken for granted could possibly bring negative effect to the country's economy.

sembly, manicure and pedicure, and electrical wiring. In the afternoon of the same day, the Agri-Fishery Fair opened to the public while the contestants in the solo and duet singing contest showed off their best on stage.

In the evening, was the most awaited moment, which was the Search for the

Ginoo & Bb. Perlas ng LSF. Only one pair grabbed the title in the history of LSF as Pearl Jubilee comes once in a lifetime. Alongside the competition for beauty and brains was the "katutubong sayaw" competition that interplayed between each show of the candidates.

Deputy Director General for Field Operations, Atty. **TEODORO C. PASCUA**, who graced the cele-

bration, was overwhelmed with the array of talents of the students presented during the search for the Ginoo & Bb. LSF

The event was a time for thanksgiving for all the gains and achievements of the school. Thus, it was timely to give recognition to all those who have contributed to the growth and developments of the school.

"Life is an adventure, dare it."

- Mother Teresa

Brief History of Lupon School of Fisheries

1969	Lupon School of Fisheries started as Lupon Community High School
1971	From Lupon Community High School, the school was named Lupon Municipal High School
1982	The Sangguniang Bayan ng Lupon passed a resolution recommending the conversion of the school into a school of fisheries considering among others the need for such a school in the province being located along Davao Gulf and having vast area of brackishwater fishponds in the place.
November 15, 1982	Parliamentary Bill No. 1642 filed by the late Assemblyman Teodoro Palma Gil was signed by then Pres. Ferdinand E. Marcos under Batas Pambansa Bilang 292.
1991	The school acquired a 4.5-hectare fishpond area given by Dacudao family through a deed of transfer of rights without any single centavo paid by the government.
1992	Congw. Thelma Z. Almario gave Php500, 000.00 from her Countryside Development Fund. Such fund was utilized in the purchase of 5.1-hectare land adjacent to the fishpond area.
1992	The school started offering post secondary course in Diploma in Fishery Technology major in Aquaculture and Fish Processing.
March 1998	With the passage of RA 7796 otherwise known as TESDA Law in 1994, the school was officially transferred to TESDA.
2002	LSF operated as a full-time TESDA administered institution with the Distinctive Area of Competence (DAC) in Aquaculture.
2003	LSF received Bronze Level Accreditation from the Philippine TVET Quality Award (PTQA) for its delivery of the eight components of the Quality Assurance System namely: documentation, document management, staff training, customer feedback, monitoring, internal audit, management review, and benchmarking.
2011	As mandated by the Office for TESDA Technology Institutions (OTTI), the TESDA XI Regional Office identified LSF as the pilot among the 4 TTIs in the region to fully implement the Competency-Based Training Delivery (CBT).
2013	LSF received the most coveted Silver Level Accreditation (15 points more heading to Gold Level) from the Asia Pacific Accreditation and Certification Commission (APACC) for its continued implementation of the Quality Assurance System and strong support to the promotion of quality TVET delivery. APACC is a regional accreditation and certification body established by Colombo Plan member governments which recognize the need to cope with the rapid changes in the labor market and skills taught in technical and vocational education and training (TVET) institutions.
July 2013 -	LSF starts the journey for APACC Reaccreditation aiming for Gold Level.
