DavOr's Pride is Davao Region's first and the Philippines' only

As unto the bow the arrow is, so unto a very hardworking LSF family an APACC Gold Level Accreditation awarded on August 30, 2016. It is no brainer that virtually all roads lead to Davao these days from the election of the first Mindanaoan President, the uncanny Rodrigo Roa Duterte to the Philippines first ever Asia Pacific Accreditation and Certification Commission (APACC) Gold Level Accreditation courtesy of a modest rural community TESDA Technology Institute, the Lupon School of Fisheries.

The Accreditors: Mr. Bryan Noel Lazaro, Prof. Dr. G. Kulanthaivel, Dr. Romulita Alto with LSFs' VSA III Ruth R. Pundang, and VIS' Carmen Sabandal and Naida Lasangre

From the previous Silver Level Accreditation in July 2013, LSF needed a little more grunt to get that most elusive gold. The School just took heed on the accreditors' recommendations and suggestions and made great strides towards realizing the goal of getting into the top tier from creating a matrix of class schedules to furnish each lecture room with an LCD multimedia projector.

In addition, the top brass of Lupon school of Fisheries also took notice on LSF's weakest link, the Research Criterion, hence a Graduate Education Scholarship Program for trainers which formed part the most ambitious human resource development endeavor of the School. This very significant strategic move resulted in thirteen new Master of Vocational Education Degrees from the University of Southeastern Philippines in Davao City on April 20, 2016. More importantly an offshoot of

11 new project-based [technology] and 2 social science researches which boosted the Research Criterion was more than enough to whet the appetite of the APACC Accreditors. With the highly prestigious Gold Level Accreditation from APACC along with a surfeit of accolades and commendations, the entire LSF family is in cloud nine. What a way to celebrate the 47th School Founding Anniversary and end the year with a bang.

Gov. Dayanghirang lauds LSF for APACC Gold

The good Governor of the Province of Davao Oriental, Nelson L. Dayanghirang greeted and congratulated the Lupon School of Fisheries which according to him is the premier school for Technical Education and Training in the country on the occasion of its 47th Founding Anniversary along with the School's recent APACC Gold Accreditation. Further, the Governor said that LSF has come to realize how far it has gone and should take pride in being the only TESDA-administered school in the country to have received the highly prestigious Gold Level Accreditation.

Governor Dayanghirang also earnestly asked the School to inspire the youth, to dream big and teach them well and continue learning to become better citizens of the community. Moreover, he urged not to forget that the challenges ahead are far greater than what LSF has faced so far and to continue to bring new ways of thinking to effect behavioral change. And finally the father of the Province enjoined each and everyone to create opportunities and strategies to achieve the best for the community, the best and nothing less.

The Governor of the Province of Davao Oriental Hon. Nelson L. Dayanghirang

Message from the DDG for TESD Operations

My sincerest congratulations to the faculty, staff, students and graduates of the Lupon School of Fisheries, firstly on your 47th Founding Anniversary and secondly for achieving Gold Level Accreditation from the Asia Pacific Accreditation and Certification Commission.

Education and training cannot be left to chance, just as quality and excellence cannot be attained through complacency and mediocrity. LSF's 47 years were forged through hard work and tenacious adherence to standards. Further, to have all your labors recognized by an international body is not just a confirmation of your efforts but also a firm nod towards the Philippine's technical vocational education and training system.

Thus, your theme for this year's Anniversary, "LSF@ Soaring high towards Excellence through Quality TVET", is more than fitting. We salute you, knowing that you will continue as the shining example of what a Philippine TVET institution can and should be.

We wish you more power and all the success. God bless and mabuhay.

The Deputy Director General for TESD Operations Alvin S. Feliciano

ALVIN S. FELICIANO
Deputy Director General
TESD Operations

VISION

LUPON SCHOOL OF FISHERIES is a leading institution molding values for sustainable development pursue excellence in technical vocational education and training.

MISSION

LUPON SCHOOL OF FISHERIES develops globally competitive manpower equipped with skills and desirable work values for gainful employment and entrepreneurship.
