what the latter had prepared to get that very first Gold Accreditation for the Philippines from APACC.

On the other hand, select employees of TWC including its Chief, Maria Clara B. Ignacio all the way from TESDA Central Office in Taguig, Metro Manila stopped over LSF for a day and looked over the documents and improvements made by the School.

It should be noted that the TESDA Women's Center or TWC was the first to receive a silver accreditation from APACC years before LSF had started its own APACC journey.

The anticipated visits of the APACC teams of these two institutions were complemented by their LSF counterparts as preparations were made from pre-arrival to accommodation and sending them off all with one goal that is, to get the next Gold for the country.
