LSF Participates National TVET Enrollment Day

Lupon School of Fisheries faculty and staff with Miss Ruth R. Pundang—Vocational School Administrator III and TESDA Davao Oriental Provincial Office personnel during the National TVET Enrollment Day and Jobs Bridging held at Baywalk Grounds, City of Mati on February 27-28, 2018.

Last February 27 and 28, 2018 the Technical Education and Skills Development Authority (TESDA) has launched a simultaneous National Technical and Vocational Education and Training (TVET) Enrollment Day and Jobs Bridging in every skills training center of the provinces, municipalities and every district in places such as capitols, malls, LGU sports complexes, municipal or provincial stadiums and places most accessible to the public. The goal of this activity is bringing scholarship grants closer to those who want to avail free technical-vocational (tech-voc) courses and TESDA graduates who want to find jobs with the help of local government units and their officials. Director General Mamondiong has also revised the granting of TESDA scholarship program to assure that the new scholars will have better learning and training. Its goal is to equip the scholars about modern technology and global competitiveness in line with what the global market demands. Lupon School of Fisheries joins the National TVET Enrollment Day held at Mati Park and Baywalk, Mati, Davao Oriental in cooperation with TESDA Davao Oriental and the local government unit of Mati City.

Brgy. Poblacion Educator's Night

Barangay Officials of Brgy. Poblacion joined by LSF faculty and staff: Ma. Leticia C. Salcedo—AO IV, Carmen A. Sabandal—VIS, Rubilyn B. Garcia—trainer, Maria Fe C. Caraquel—APII and Flora A. Solidor API.

Four years ago, Brgy Poblacion of Lupon, Davao Oriental has started a week-long celebration of “Araw ng Baranggay” wherein every night different organizations of the community are given importance this include the Educator’s Night. Brgy. Poblacion of Lupon headed by Brgy. Captain Florentino Maquilan has given honor to its teachers with a night long of fun, entertainment and camaraderie among educators of different agencies from Dep Ed and TESDA. This is to acknowledge the crucial role teachers play in making sure every student receives quality education, who has given their hearts, minds and souls to nurture the things that they saw in their students as vital to their education, critical to their success, and important for their future. But through the years the participants of the said activity has dwindled down to a few participants. But despite the hectic schedules, Lupon School of Fisheries has always shown its support to the programs and projects of the local government by being present to all invitations and provide services when needed. KUDOS! to the officials and staff of Brgy. Poblacion of Lupon.

VISION

LUPON SCHOOL OF FISHERIES is a leading institution molding values for sustainable development to pursue excellence in technical vocational education and training.
