On June 17-18, 2019 the faculty and staff of Davao Oriental Polytechnic Institute conducted its Mid Year Performance Assessment at El Don Resort, Governor Generoso, Davao Oriental. The two-day activity was set in order to review the progress and performance of the institution in order to formulate appropriate catch-up plans needed for the remainder of the year.

evaluation period preceding a mid-year performance evaluation ensures that results are fresher for both the employee and the supervisor, which can result in a more accurate assessment of employees' as well as the institution's performance.

A send-off program for Mr. Leandro E. Quiñones was also held on the first day as he officially retires from government service.

Mid-year performance evaluations are more substantive than annual reviews, simply because less time elapses between reviews, allowing a more detailed assessment by supervisors and employees alike. In addition, the shorter
